

# Diversity & Inclusion - Because diversity makes us strong!

At placeB, we value and encourage the diversity of our employees and clients. Diversity, inclusion and equity are essential to us. In other words, everyone is welcome at placeB, regardless of gender, nationality, religion, sexual orientation, age or disability.

## **We always have space for:**

- Gender: we value each person, regardless of gender.
- Religion and nationality: We welcome the cultural diversity of our employees and customers.
- Sexual orientation (LGBTI): We treat everyone equally, regardless of their sexual orientation or gender identity.
- Generations: We encourage older and younger people through lifelong learning. We truly believe that generational mix is a strength.
- People with physical disabilities: We take their needs into account, especially during the development of new storage locations.

Each of our placeB employees has the right to refuse to work with a client who does not share these values.
